

Lucerne 17 March 2020
Statement

KKL Luzern: Information Corona Virus

The Federal Council has categorised the situation in Switzerland as extraordinary. At this moment, it is of the highest priority to maintain the capacity of the healthcare system, which requires sacrifices and solidarity from everyone.

Therefore, there will be no cultural events at the KKL Luzern until the end of April. Furthermore, our restaurants will be closed until further notice. Since it is in our DNA to create outstanding experiences for our guests, to bring people together and to be perfect hosts, these actions are very difficult for us. But until the moment when we can warmly open our doors to you again, we will focus on the protection of our employees as well as the solidarity that is required as a member in a healthy society.

Our ticket counter will also be closed until further notice. We ask you to please inform yourself on our website. As soon as we have new dates for concerts, we will publish them there. For further questions, you can contact us on **kartenverkauf@kk-luzern.ch**. Questions which do not concern any ticketing issues can be addressed on **info@kk-luzern.ch**.

We thank you for your understanding and your flexibility in this special situation.

Best regards
KKL Luzern
